## IMEX Green Award

Thursday, May 21, 2009

We are delighted to inform you that Estoril Congress Center (ECC) has been nominated as a potential winner of the IMEX Green Exhibitor Award.

The Green Exhibitor Award is organized jointly by IMEX and GMIC (Green Meeting Industry Council). The award recognizes environmental practices amongst IMEX exhibitors and highlights the efforts taken towards exhibiting in a more sustainable manner both generally and specifically at IMEX.

The IMEX award program has been developed to recognize individuals and companies who have made outstanding contributions to the development of the meetings and incentive travel industry. They are presented annually at the IMEX Gala Dinner in Frankfurt alongside prestigious industry awards given by MPI (Meeting Professionals International) and JMIC (Joint Meetings Industry Council). The Gala Dinner will be held on Wednesday 27 May 2009 at the Sheraton Frankfurt Hotel and Towers, where the winner of the IMEX Green Exhibitor Award will be announced.
